Intellectual Property Rights (IPR) Cell

The Intellectual Property Rights (IPR) Cell is dedicated to highlighting the significance of intellectual property among both teachers and students. It fosters creativity and innovation, encouraging the generation of intellectual property (IP) within the institution. The Cell is committed to supporting and guiding both students and staff in protecting their creative and innovative ideas.

Recognizing the increasing importance of IPR in business and research, the Cell promotes an environment where innovation can flourish without the fear of ideas being stolen or misattributed. To achieve this, the Cell organizes awareness seminars and workshops to educate students and faculty on the importance of IP. Additionally, it encourages faculty members to conduct in-house patent searches. These workshops cover essential topics such as copyrights, patents, trademarks, trade secrets, and the enforcement of IP rights through legal channels.

The IPR Cell at Williams International College was established on September 10, 2014, by Mrs. Jameela S, Secretary of Williams Educational Society, and Prof. Sridhar D, our Principal. This initiative aims to further the objectives of the Patent Information Centre (PIC) in Karnataka.

Vision

The vision of the IPR Cell is to promote, preserve, encourage, and facilitate innovation and research. It aims to be a hub for new ideas and groundbreaking innovations.

Mission

To foster an environment that inspires innovation, promotes research, and provides resources for the development of intellectual property.

Objectives

- To raise awareness about Intellectual Property Rights (IPR) among the faculty and students of the institution.
- To organize workshops, seminars, and training programs focused on IPR and patent filing processes.
- To disseminate knowledge on patent systems and registration procedures in India and internationally.
- To encourage faculty members and researchers to pursue innovative and patentable work.
- To act as a bridge between inventors, IP consultants, attorneys, and PEC authorities for patent filing and management.
